EXPERIENCE

Product Owner & AI Engineer

since 02/2025

ADITO Software

- Product ownership and responsibility for product vision and roadmap
- Driving agile values within the team and company culture
- Shaping products instead of just executing projects
- Built and deployed a self-hosted AI infrastructure from scratch
- Integrated AI features into a CRM software solution
- Technologies: Python, Kubernetes

System Administrator

02/2020 - 01/2025

ADITO Software

- Designed and operated systems with a holistic lifecycle perspective
- Implemented automation and standardization
- Developed and evolved infrastructure architectures
- Focused on building sustainable product solutions rather than temporary project fixes
- Gained deep insights into customer challenges by solving project requirements
- Technologies: Kubernetes, Ansible, Helm, GitLab CI, ArgoCD, Python

IT Specialist for System Integration

09/2017 - 01/2020

ADITO Software - Apprenticeship
